

## INSTRUCTIONS: MUNICIPAL COMMUNITY GRANTS IN-KIND BUDGET

Use this template to calculate the total dollar value of your in-kind request. Before you begin, please read the following:

Eligible Services: Only services listed in the **Municipal Fees and Charges By-Law** are eligible. If the item you're requesting (e.g. a good, service or equipment) is **not listed**, it **cannot be included** in your in-kind grant request.

Refer to the current [Fees and Charges By-Law](#) for a full list of eligible services and their costs.

Eligible Activity Dates: The **Secondary 2025 intake** covers activities from **October 1, 2025 to May 31, 2026**. For activities after May 31, 2026, apply during the Primary 2026 intake.

Common Examples: Commonly requested items include rental of municipal venues, banners and other advertising, and municipal labour, but there are many items that are eligible for the in-kind program. See the chart below for a list of items that are most likely to be helpful to community groups, and where they can be found in the Fees and Charges By-Law.

Ineligible Costs: The following types of fees and/or charges **cannot be covered** by the grant:

- Costs due to organization error (e.g. late fees, false alarm charges)
- Regulatory costs (e.g. planning approvals, permits or licenses)
- Damage deposits or insurance fees.

These exclusions help prevent a conflict of interest, since the municipality is both the grant provider and the regulator for permits, licenses, and penalties. Keeping these costs out of the grant ensures the decision-making process stays fair and impartial.

Fee Updates: Fees and charges are updated by the municipality annually. If the fees change between your application and your event date, your grant value will be adjusted to reflect the **actual fees at the time of your event**.

Venue Bookings: Municipal venues are available, for the most part on a **first-come, first served** basis. **Submitting a grant application does not reserve a venue**. To book a venue contact:

**Bookings Coordinator** (Jane Vader) - [jvader@pecounty.on.ca](mailto:jvader@pecounty.on.ca)

You do not need to wait for grant approval to make a reservation.

Estimating Costs: Some services (e.g. hourly or volume-based) may vary in cost. Estimate these as accurately as possible. If approved, your grant will cover **up to** the estimated amount. If actual usage exceeds your estimate, you'll need to pay the difference.

Need Help? Municipal staff will review your budget to confirm eligibility and availability before it goes to the grant panel for adjudication. We may reach out for clarification during this process.

If you need help, please contact the **Community Initiatives Coordinator** (Hilary Fennell) before submitting your application ([hfennell@pecounty.on.ca](mailto:hfennell@pecounty.on.ca))
