

## Matt Stever Fund Parent Permission Form

The Matt Stever Fund was created to assist families in Prince Edward County who suffer hardship due to severe illness, accident or death of a child. The fund is administered by The County Foundation and the Rotary Club of Picton. **Applications are accepted throughout the year.**

I am aware that an application to the Matt Stever Fund is being submitted on behalf of our family.

I agree to let the Matt Stever Fund and/or The County Foundation verify the information contained in the application form. This usually requires a call or discussion with the child's attending doctor. Permission is also given to obtain additional information on the child's condition as required.
